SUPPLEMENT

25X1X 25X1A note: Heavy rains during the first two weeks in June have isolated many communities in Kwangsi Province. Road and rail bridges have been washed away and practically no ferries are operating because of high water and swift currents. A partial list of railroads and motor roads out of operation follows.)

1. Railroad between Liuchou (109-16, 24-18) and Kueilin (110-10, 25-25).
2. Motor road from Liuchou to Kueilin. A bridge is washed out in one place and a ferry is not operating at another point.
3. Railroad from Liuchou to Tawan (109-20, 23-52). This line is under water in numerous places.
4. Motor road from Liuchou to Nanning (108-18, 22-48). Water covers the road in many places.
5. Ferry from the north bank of the Liu Chiang River to the south bank, at Liuchou. A shift in the river's current has halted operation of the ferry.
